

Power to enable users

WebShop for sage

Commission based internet sales

Utilising all your Sage Line 500 data

Put the power of Sage Line 500 on the Web

Increasing sales and improving the customer shopping experience is a fundamental requirement of a successful expanding business.

But enabling internet shopping with Sage line 500 can be complex and expensive. So what is the solution?

Get an internet web shop within 1 day!

WebShop for Sage is a commission based hosted internet shopping cart which links directly with Sage Line 500. **So no sales, no costs!**

You can either choose from one of our existing predefined templates or we can create a new one for you for a small fee.

Easy to implement and administer, the WebShop will enable you to create a new sales channel for **FREE!**

Ready to run benefits include:

- Import orders into Sage Line 200 \ 500 \ 1000
- Automated email to customer and system administrator
- Minimum order quantities
- Buy one get one free
- Business to business or business to consumer
- Automatic Newsletter distribution
- Unlimited product categories
- Out of stock listings
- Dead products listing
- Real time best sellers listing
- Auction options
- Promotions and Gift Certificates
- ... and a whole lot more!

Try it now. What have you got to lose except your customers and more sales!
